FEMA will be assuming a role to assist with debris management and possibly public and state and local response assistance. However, I don't want to tell you anything wrong. Kevin Jaynes with FEMA may be able to provide some additional information.

Mark, Thanks.

Where you at the FEMA meeting Monday?

IS FEMA in charge of the site or the Fed Agencies or are they just assisting and monitoring the progress? Specifically, What is FEMA's role for the site?

Thanks,

Vr,

Gary Files
